

Product sheet
Shutters and Insulated Closure Panels

Shutters

- PVC shutters are extremely affordable, durable, lightweight and open easily for minimal airflow resistance.
- Aluminum shutters offer a visually attractive appearance and are corrosion resistant.
- Heavy duty 'SW' aluminum shutters can be manual or motor operated.

Insulated Closure Panels

- Constructed with plastic frame and
- 3/4" polystyrene foam between outer layers of plastic double-walled sheeting.
- IC panels sized to replace the shutter during the winter months.
- Custom sizes are available.

Shutters and Insulated Closure Panels

Custom configure your Aerotec fans with shutters and insulated closure panels. Keep your buildings draft-free with heavy duty shutters for warm weather and insulated closure panels during the cold weather. Tight-fitting shutters prevent backdrafts and air leaks, yet open easily and completely for maximum airflow when the fan is operating.
